About me

My name is Harm Stokman, and i am currently studying Software Development at ROC Nijmegen, Netherlands.

I started getting interest in Programming after using basic HTML and CSS, which i enjoyed. In my first year, i am trying to learn different programming languages, such as Java and JavaScript, and improve my programming skills.

Work / Skills

Mastermind

This was the project Mastermind, Where you need to guess a random generated color code, where you have to guess this code within 10 tries. This was entirely made with java.
